Comments; limitations on services; other services

Some services listed on this form are most appropriately and commonly provided outside an acute care hospital setting. This form does not address the wider range of services available in our family practice clinic, since this form pertains only to services performed under our hospital license. Some services are marked because they may be available under very specific circumstances.

Additional comments; limitations on services; other services (*continued*)

Those circumstances are most commonly associated with Emergency Department care, and the services marked, even though typically most appropriately delivered via our rural health clinic and in conjunction with your regular health care provider, are provided in our Emergency Department on an emergent basis. Please contact our facility with specific questions - we are here to help.
