CM Values	<ul style="list-style-type: none"> Diane Blake provided the CM Values report. Steadfast is defined as resolutely or dutifully firm and unwavering. In relation to our shared values, Wayne Gerard Trotman is quoted saying "a steadfast heart does not stray from the path." At CM, the key to our culture and values reflects steadfastness in all that we do. During the initial onset of COVID cases in the United States, Washington was identified as the initial epicenter. Upon discovering this news, the Leavenworth community leaders came together to determine how they could support one another. When businesses closed, and employees were sent home, healthcare and essential workers remained. Our CM caregivers have continued to exhibit a deep, ongoing, and steadfast commitment to their professions and our community.
Community Values Award	<ul style="list-style-type: none"> Diane presented our Community Values Award to Marcus Wells. Marcus embodies an ever-present commitment to caring for our team and our community. He continually demonstrates care and forethought of patient safety.

Diane and WSHA representatives met with the Healthcare Authority to discuss hospital needs related to funding acquisition.

	<ul style="list-style-type: none"> ▪ In the upcoming legislative session, WSHA will address the Keep WA #1 for Nurses movement and Difficult to Discharge Patients. These two items help maintain access to care for all Washingtonians. ▪ Mergers and Affiliations Concerns <ul style="list-style-type: none"> • There has been consolidation of healthcare organizations in Washington state. The result of merging hospitals includes fewer independent hospitals and larger health systems, which has helped preserve access to many services in communities across the state, but when the merger occurs with a religiously-affiliated system, legislators are concerned that some services, including family planning and Death with Dignity resources, could be limited. Yet, mergers have helped ensure hospitals headed for closure have remained open, so there's work happening to try to educate to have these bills be less generalized. ○ Clint is leading work on recruiting for our Part Time Resident Advisory Council. Please refer candidates to Diane if you know of anyone interested. ○ There was no financial report this month because December financials are typically addressed in February.
