**POLICY**

Cascade Medical is committed to the provision of health care services to all persons in need of medically necessary care regardless of ability to pay. In order to protect the integrity of operations and fulfill this commitment, the following Financial Assistance Program is established, which is designed to be consistent with the requirements of the Washington Administrative Code (WAC), Chapter 246-453, the 2016 WSHA/DOH voluntary Financial Assistance Program application guidelines and the Internal Revenue Service 501(r) regulations. The program criteria will assist staff in making consistent, objective decisions regarding eligibility for financial assistance while maintaining Cascade Medical’s financial integrity.

**PROCEDURE:**

**COMMUNICATIONS TO THE PUBLIC**

Information about Cascade Medical's Financial Assistance Program will be made publicly available as follows:

- A. A notice advising patients that Cascade Medical provides financial assistance will be posted in key public areas of the facility, including Admissions, the Emergency Department and the Family Practice Clinic. Information about the Program will also be featured prominently on CM’s website. This notice will conform to IRS 501(r) regulations and the WSHA/DOH standardized application process.
- B. In order to meet Notice Language requirements, both written information about the Financial Assistance Program and verbal explanations shall be available in any language spoken by more than ten percent of the population in Cascade Medical's service area. As of the effective date of this policy, written and verbal information will be made available in English and Spanish. At any point in the future, should Cascade Medical determine that another language is spoken by ten percent or more of the service area population, written and verbal information will be provided in that language as well. Where possible, interpretation for other non-English speaking or limited-English speaking patients and for other patients who cannot understand the writing and/or explanation will be provided.
- C. Cascade Medical will, on at least an annual basis, provide training to receptionists, registration and other front-line staff. This training will help staff answer financial assistance and charity care questions correctly, provide staff with the appropriate Financial Assistance Program application and informational materials, and direct further inquiries to the Patient Financial Counselor in a timely manner.
- D. Written notice about Cascade Medical's Financial Assistance Program, including a plain-language summary of its provisions, financial assistance application form, and information on the current federal poverty levels by family size will be made available to any person who requests the information, by mail, by email, by telephone or in person. Information about Cascade Medical's current discount schedule, schedule of charges and estimates of charges for planned procedures will also be made available upon request.
- E. In accordance with RCW 70.170.060(8)(a) All hospital billing statements and other written communications concerning billing or collection of a hospital bill will include a statement displayed prominently on the first page of the statement in both English and the second most spoken language in the hospital’s service area that the patient may qualify for free care or a discount on their hospital bill, whether or not they have insurance, and will direct the patient to contact our Financial Assistance Counselor at [cascademedical.org](http://cascademedical.org) or at 509-548-3436. Patients with self-pay balances

Title:	<b>Financial Assistance</b>	Effective Date:	<b>05/01/2005</b>

who are receiving periodic statements from CM’s Billing department will, at the time of or prior to receiving a final notice, be provided with a plain language summary of the Financial Assistance Program, including necessary contact information and other key information about the Program. Patient accounts will not be turned to collections and no other extraordinary collection efforts will be undertaken until such notice has been provided and the patient has been provided 30 days to respond.

ELIGIBILITY CRITERIA AND DESCRIPTION OF BENEFITS

1. Discounts made under Cascade Medical’s Financial Assistance Program will be considered secondary to all other financial resources available to the patient, including group or individual medical plans, worker's compensation, Medicare, Medicaid or medical assistance programs, other state, federal or military programs, third party liability (e.g. auto accidents or personal injuries covered under a liability insurance policy), or any other situation in which another person or entity has a legal responsibility to pay for the costs of medical services. Cascade Medical will work to identify patients and guarantors eligible for medical assistance programs under Medicaid or the Washington State health benefit exchange and assist patients in applying for available coverage. If a patient or guarantor is eligible for retroactive Medicaid coverage, Cascade Medical may choose to not provide financial assistance to any patient or guarantor who does not make reasonable efforts to cooperate with Cascade Medical in the Medicaid application process.
2. Patients will be eligible to receive financial assistance without discrimination due to age, race, color, creed, ethnicity, religion, national origin, marital status, sex, sexual orientation, gender identity or expression, association, veteran or military status, the presence of any sensory, mental, or physical disability or the related need for a trained dog guide or service animal, or any other basis prohibited by federal, state, or local law.
3. Hospital, Clinic and Ambulance services eligible for discount under the Financial Assistance Program will be limited to appropriate, medically necessary hospital, outpatient, and professional services that Cascade Medical provides. With the exception of Clinical Pathology services, which are provided and billed through an outside medical group, all professional services provided at Cascade Medical will be from physicians, mid-levels and other providers employed or contracted by CM and will be eligible for program discounts.
4. Discounts made under the Financial Assistance Program will be based on the patient’s family income, Federal Poverty Level (FPL) published by the US Department of Health and Human Services and Cascade Medical’s Amounts Generally Billed (AGB), as defined by the Internal Revenue Service 501(r) regulations. The AGB is calculated annually by Cascade Medical financial staff and represents the average percent of billed charges paid by the Medicare and Medicaid programs and commercial insurance plans. To calculate discounts under the Program, the AGB discount percentage will be applied to billed charges as follows:
  1. Patients with family incomes at or below 200% of the Federal Poverty Levels: 100% discount.
  2. Patients with family incomes between 201% and 250% of FPLs: 75% discount from the Amounts Generally Billed (AGB) percentage.
  3. Patients with family incomes between 251% and 300% of FPLs: 50% discount from the AGB percentage.

4. Patients with family incomes over 300% of FPL: at the discretion of the Cascade Medical CFO, patients suffering severe financial hardship, personal loss or other catastrophic circumstances may qualify for a discount under the program.
5. A Financial Assistance Program Schedule of Discounts will be prepared and updated annually by CM financial staff, showing the current Federal Poverty Levels applicable to the state of Washington, the current AGB discount percentages and the income levels by family size used for eligibility determination. Federal Poverty Levels are determined annually by the US Department of Health and Human Services and are shown at <https://aspe.hhs.gov/poverty-guidelines>. The description of the Financial Assistance Program shown on Cascade Medical’s website will include the Program’s current Schedule of Discounts and will also include this hyperlink.
6. For the purposes of determining family income, CM will normally require inclusion of the incomes of those persons defined in WAC 246-453-010 as family members.
7. The responsible party's financial obligation which remains after the application of any Financial Assistance Program discounts will be payable as negotiated between Cascade Medical and the responsible party. If three or more installment payments are missed and there is no satisfactory contact with the patient or responsible party, Cascade Medical reserves the right to initiate its standard collection efforts to recover any remaining balances.
8. Cascade Medical will not require a disclosure of the existence and availability of family assets from Financial Assistance Program applicants whose income is at or below 200% of the current Federal Poverty Level. Patients with family income above 200% of the current FPL will be required to disclose the existence and availability of family assets, and the CFO may require that available liquid assets, with the exception of the specific monetary assets exempt from consideration listed below be used to meet all or part of the patient’s financial obligation prior to approving eligibility for the Program. Monetary Assets exempt from consideration: 1) The first \$5,000 in monetary assets for an individual, \$8,000 for a family of two, and \$1,500 of monetary assets for each additional family member. 2) Equity in a primary residence. 3) Retirement plans other than 401(k) plans. 4) One motor vehicle (and a second motor vehicle if it is necessary for employment or medical purposes). 5) Prepaid burial contracts or burial plots. 6) Life insurance policies with a face value of \$10,000 or less.

**INITIAL DETERMINATION OF ELIGIBILITY**

- A. Cascade Medical’s Financial Assistance Program will use an application process to determine eligibility. CM will utilize the standard application form developed by the Washington State Hospital Association and Department of Health.
- B. Requests to provide financial assistance will be accepted from patients, family members or those parties responsible for the patient’s financial obligations. Requests will also be accepted from sources such as physicians, community or religious groups, social services or CM financial services personnel who are aware of factors that might qualify the patient for assistance under the Program. Patients are encouraged to apply prior to receiving services at CM, but applications will be accepted at any point from preadmission through settlement of the final bill.
- C. Patients, family members or other parties may apply for program benefits by completing an application and submitting it, along with supporting documentation, to CM’s Patient Financial Counselor. Applications may be submitted prior to receiving services or at any time after receiving

services up to the final adjudication of the patient’s account. Patients and other parties may obtain applications, receive assistance in completing applications and ask questions about the Financial Assistance program by speaking with the Patient Financial Counselor, between the hours of 8 am and 5 pm, Monday through Friday. Applications and information may also be requested from Registration or Business Office staff, by telephone at 509-548-3436 or on the hospital’s website at [www.cascademedical.org](http://www.cascademedical.org). Upon request, applications will be provided at no charge.

- D. An initial determination of eligibility for financial assistance will, to the extent feasible, be completed by the Patient Financial Counselor or other CM financial services personnel at the time an application is made or as soon as possible thereafter. The patient, family member or responsible party will be duly informed of this determination.
- E. During the application review process CM financial services staff will work with the patient and/or responsible party to pursue other sources of payment, such as Medicare, Medicaid and other assistance programs, and will attempt to verify application information as feasible. CM financial services staff will not impose application procedures or verification requirements that place an unreasonable burden upon the responsible party, taking into account any physical, mental, intellectual, or sensory deficiencies or language barriers which may hinder the responsible party's capability of complying with the application process. Where verification would impose such a burden or is otherwise not possible, CM may rely on written or verbal attestations made by the patient or responsible party. CM will not require a patient to apply for any state or federal aid program for which they are clearly ineligible, or for which they have been found ineligible in the past 12 months.
- F. In accordance with WAC 246-453-030(3), if a patient or responsible party is unable to complete the Financial Assistance Program application process, but CM staff are able to determine through other means that there is a high likelihood the patient would qualify for Program benefits, CM’s CFO may approve Program eligibility based solely on this determination. In these cases, CM staff will not be required to complete full verification of documentation.
- G. Pending final eligibility determination, CM will initiate no collection efforts, will not require deposits for current services or payments on previous account balances and will not require patients to apply for bank loans or other credit as a condition for receiving benefits under the Program.

**FINAL DETERMINATION OF ELIGIBILITY**

- A. Cascade Medical will notify the patient, family member or responsible party of its final determination of eligibility within 14 days of receipt of a complete application and required documentation. This determination will be made by the Business Office Manager or, in his/her absence, a designee. For discounts under the program that exceed \$1,000, the approval of the Chief Financial Officer will also be required.
- B. If a patient is determined to be eligible for Program benefits, that eligibility will extend for one year from the time of the application. If the application has been made more than three months prior to a new request, CM financial staff will request verification from the patient or responsible party that a patient’s family income and Medicare, Medicaid or insurance coverage availability are unchanged and, if necessary, will request updates to the information provided in the application.
- C. If, after due consideration, the patient is determined to be ineligible for benefits under the Program, the patient or responsible party will be provided written notice of the application denial, a description of the reasons for the denial and instructions for appeal or reconsideration. If eligibility was denied

due to a lack of needed information, CM will so inform the patient or responsible party of the needed information.

- D. The patient or responsible party will have 30 days from the date of the final determination of eligibility to appeal the decision.
- E. In the event a patient or responsible party has made partial or full payment for hospital services and is subsequently found to have been eligible for Program benefits at the time of those services, the patient or responsible party will be reimbursed the amounts paid.
- F. In the event that the hospital's final decision upon appeal affirms the previous denial of financial assistance designation under the criteria described in WAC 246-453-040 (1) or (2), the responsible party and the Department of Health shall be provided with copies of the documentation upon which the decision was based.

DOCUMENTATION AND RECORDS

- A. All information relating to applications made for Financial Assistance Program benefits, including supporting documentation provided and copies of any related correspondence, will be kept confidential and not disclosed to any outside parties, except as required by law.
- B. In accordance with the State of Washington's Record Retention requirements for Public Hospital Districts, documents pertaining to the Financial Assistance Program will be retained for six years following final account activity.
